CHRISTIAN ISRAEL S. MAPILI

BSIT Student | Aspiring IT Professional

izzyheneral@gmail.com | github.com/ezryheneral

PROFILE

Third-year Bachelor of Science in Information Technology student at Northeastern College with hands-on academic experience in web and mobile development, networking, and computer systems servicing. Interested in cybersecurity, networking, and software development, with a focus on practical learning and problem-solving.

EDUCATION

Bachelor of Science in Information Technology | Northeastern College

Third-year student

ACADEMIC PROJECT

Electronic Thesis and Dissertation Management System (ETDMS)

Academic mini-capstone | Web system and working Flutter companion app | Overall project in development

- Building a library-focused system to organize undergraduate theses and graduate dissertations by academic program and support controlled manuscript access.
- Working on web-based document access requests, administrative approval workflows, and activity records.
- Developed a functional Flutter companion app with a QR attendance scanner that records library check-ins through the system; the app complements the web platform with library-related workflows.

TECHNICAL SKILLS & TOOLS

Programming & Web	C++ and C# (course fundamentals); HTML, CSS, JavaScript, PHP, Bootstrap, MySQL, MVC fundamentals
Mobile & Data	Flutter, Dart, Hive; introductory use of Supabase
Networking & Hardware	Networking fundamentals, Cisco Packet Tracer, router configuration, peer-to-peer networking, PC assembly and troubleshooting
Tools	VS Code, Antigravity IDE, GitHub (learning), Microsoft Word, Excel, PowerPoint

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- TESDA Online Program course-completion certificates (5): Installing and Configuring Computer Systems; Introduction to Computer Systems Servicing; Maintaining Computer Systems and Networks; Setting Up Computer Networks; Setting Up Computer Servers.
- Foundational C# with Microsoft - Microsoft / freeCodeCamp.
- Getting Started with Cisco Packet Tracer; Introduction to Splunk - Cisco Networking Academy / Cisco NetAcad.
- DICT webinars and Northeastern College seminars covering emerging technologies, programming, multimedia, IoT, and agentic AI.

CURRENT LEARNING INTERESTS

Cybersecurity and networking, cloud computing, AI-assisted development, and emerging technologies. Currently studying Introduction to Cybersecurity through Cisco Networking Academy.
